

Insuring Your Dental Practice

As owner of your practice, you are often a marketer, HR manager, CFO and CEO. Much of your own time, energy and money are invested in building your practice. That's why it's important to know that your practice, just like you, can be named in a malpractice lawsuit. MedPro Group offers competitive business entity malpractice insurance solutions to help protect you and your practice.

OPTION ONE

Separate Limits Coverage

If you own all or a portion of your practice, you may qualify for an entity malpractice insurance policy with separate limits. This allows defense costs and indemnity payments to be paid on behalf of your practice — separately from your individual policy limits.

OPTION TWO

Shared Limits Coverage

If you have a solo corporation and have no employed or contracted dentists, then you may choose to share your individual policy limits with your practice. This means defense costs and indemnity payments will be paid on behalf of both you and your practice under one shared set of limits.
